Failure to provide due process and
 violations of inalienable, civil and human
 rights and RICO. All are violations of 18
 USC 3571 and other codes, thus of my
 inalienable rights guaranteed by our
 Constitution. During the unlawful conduct
 in their courts and in their paperwork proof
 of and incontrovertible evidence in their
 own records of violation of governing law.
 SCOTUS case law is law for all inferior
 courts. Thus my/our rights as/for
 Oregonians, non US citizens, free
 inhabitants, and others as they are
 identified have been violated.

Additional denials to be added into these
 cases..

27 I do lawful not legal and this is my best effort. Filed into the record in courthouse 740 at The
28 1000 SW 3rd Ave location. All the documents, I have filed, are active. I need not state all that
29 information again.

30 However I must respond!!!

31 The conundrum is: being an American, a national, non US citizen, functioning/operating in the
32 corporate US governance environment. It has been concluded, by SCOTUS, that there are
33 Americans with Constitutional rights and US citizens with 14 amendment privileges. Both here
34 and now.

35 I deny the 14th amendment. All those involved with the 14th amendment are dead. It is a nullity.

36 However, the corporate governance in color of law has presented to everyone the rules and
37 statutes and unlawful amendments and Articles. Un ratified amendments enforced against
38 Americans. When they do not apply. They do this by fraud.

39 I deny all unlawful amendments. Which is: all amendments after 1861.

40 What are the solutions???

41 Some choose to keep quiet, don't cause any waves, don't argue or challenge, just go along to get
42 along. Some wish to be taken care of and trade their inalienable rights for privileges and pay the
43 fees. I consider them to be employees of some subdivision of the state of state. Homeland
44 security comes to mind. Drivers licenses for the general public abrogating our right to travel.
45 Passing gun control laws. Using a corporation, the FBI, to arrest free people that have no mala in
46 se crimes. Ever heard of the Pinkerton Act? Trials in courts that have no jurisdiction, either by
47 territory or subject matter. There are Foreign agents being elected and appointed to public office.
48 Corporate governance is made up of criminals doing crimes, we have the evidence. Usurpation
49 of power by executive, legislative and judicial is rampant and the example: They let each other
50 do it. Importing muslims that can never be Americans within a Constitutional Republic as they
51 are followers of islam and sharia. There is no mixing. It is fraud upon the people.

52 I choose to take my guaranteed actions in court.

53 Some of us challenge the corporate governance on the street, in traffic court and other courts.
54 Our win loss ratio is not that good. Some of us do civil disobedience. You see a lot of liberals
55 doing that now. A woman of some stature stated, what they are doing is hate speech. I hate them
56 for what they say. She did not recognize the irony.

57 One solution is long range; start to teach government of the people. After the years of dumbing
58 down, that is long range. Look at the teachers we currently have. Berkeley wants free speech for
59 their liberals and a muzzle on dissent. How does that work? I find the judiciary, legislature and
60 executive on Oregon do not provide me with due process.

61 I deny the corporate governance of state of Oregon a subdivision of and its subdivisions provide
62 me, my guaranteed, due process as determined by governing law.

63 . A judge that is not a defendant may chose to take heed.
